#### Welcoming the Problematic Fave, Brian

[1:00] Well, all right, all right, all right. Welcome to this week's episode. It's a fun one because you know why? We have the problematic fave, Brian is here. You know, we've recorded this some days ago and I honestly don't even remember what we talked about.

[1:16] But that's par for the course of an episode with Brian, right? I remember we talked about him being in school and dating older and dating younger. I don't know. It's just a fun one. It's fun. You guys know what it's like when Brian is here. And so I don't even have to set that up much. So just keep listening because we're going to get into that conversation with him.

#### Boonie's Pick of the Week

[1:35] Right now, we're hopping into my pick of the week. And my pick of the week, at first, I was going to pick 16 Carriages by Beyonce because I just feel like everyone's on the little hoedown song.

And i just feel like to me i like 16 carriages i don't really like that other texas song.

[1:53] But i said you know what that girl don't need no more promotion she don't need nothing from me and so i am choosing my pick of the week this week is maya's new song anytime i have been obsessed since spotify put it on my home page new music it is such a good song like i want everybody to to run that shit up it's real r&b and that's a nice bop and you know the thing is maya has been independent for a while and dropping a lot of music and people don't listen to her music and so i'm hoping that because i gave it a little boonie approved stamp of approval that you will head to your spotify apple music title wherever you listen to it youtube wherever and check out the song because it really is a really great record so if she's putting out a new album and this is the feel i'm gonna get i'm excited because she had an album i think back in like 2016 or 2017 that i loved um so if we're getting the feel of this anytime song it's her new project sign me up i'm all in boonie pick of the week housekeeping.

## Housekeeping and Feedback

[2:58] Housekeeping come back later please housekeeping not now all right housekeeping so feedback from episode 251 black feminist freak uh with goddess honeybee uh there was a lot of commentary on this one because people learned so many things i love that's one of the it's one of my favorite things about doing this podcast and having this platform is like showing people that y'all ain't freaks y'all think y'all a freak but y'all not a freak until i have real freaks on but this week the conversation around kinks and i got this one message that Boonie who knew that knife play was a thing every time i listen and you have someone on i learned something new i love this but i'm like you i think a nipple a knife across the nipple could feel a little sexy so you was vibing with me you was feeling the vibes that i was giving on that one right but um yeah if you've been listening to last week's episode go back and check that out with goddess this honeybee it was also interesting in talk to boonie tuesday last week i did some questions around kinks.

[3:58] And i got a lot of feedback from a lot of people who were googling and saying um you know i had to pull out the googles because i didn't even know what some of these are and you're not alone sometimes i don't know everything just because i have these people in the podcast i don't know everything but i gotta say learning about felching that one was a new one for me um that one was a new one that one was a new one but um i love that people are so open to share with me their experiences and the things that they like and they're into but just a lot it's that world of kink is deep it's deep so you think you think you freaking kinky you probably not you probably not you're probably vanilla and that is okay um but i also laugh because one of the comments i got on Instagram somebody was like i don't have no kink in me with the kink in

this natural hair that shit was funny as fuck so again if you didn't listen to last week's episode go Go ahead and check that one out.

[7:23] Music.

## Anxiety and Dating Conversations

[7:32] Hey y'all hey so we're wrapping up season 13 one more time with the problematic fave brian what's up what up what up how you doing, What's going on? You stressed because you were in school again. Oh, my God.

Nobody told me this shit was going to be like this. I don't know why you did it, but I'm proud of you. I'm proud of you.

So, I got, like, serious anxiety right now. You anxious?

No, like, it's crazy because... I don't even believe it. Whenever I got stuff going on, like, important stuff, I dream about it.

I dream about it. it. So I'm already like in my mind going through my emotions of what my day is going to look like.

You know, if I got an interview or something big, something big business-wise, like I'm already like going through it so much in my head, you know, being a Virgo, I'm an overthinker.

So I always forget you're a Virgo until you say you're a Virgo. Right.

So what's ending up happening now is I always feel like I missed the deadline.

I so i'm like waking up checking my syllabus like shit is crazy like i'm literally like you're literally in school no i'm like i'm like fucked up over here like i'm not sleeping good like i'm i'm reading and i'm finishing work and i didn't learn anything i'm like.

[9:00] That's done like whoa that's done and then it's like get on to the next chapter like That is terrible.

Like, what did I do the last two or three chapters? Because I feel like a lot of it is busy work.

And, you know, there are some things that I am learning. But a lot of the other stuff is like, well, we have to get work every week for you to complete something to get a grade for.

Yeah, I felt like when I did grad school, grad school was like, the biggest part was just like time management, right? Yeah.

Some things suck, but I don't feel like it was like, oh.

[9:36] But that's the thing. That's the hardest thing for me is time management.

Like, you know... You do too much.

It's different looking at my classmates. They're 22 and 23 years old.

So, you know, I'm in there and they like making jokes and shit like Mr.

Brian and shit like that.

But it's cool, though. It's cool. But they don't have shit. I feel like they don't have shit to do. All right, let me tell you this right now.

Don't be fucking with them little young girls while you think you're old ass in college.

Listen, I knew that shit was going to come up because I'd be sitting around and my homeboys be making jokes and shit like, you fuck one of them 22-year-old girls?

I'm like, listen, I don't even feel comfortable.

I don't even feel comfortable. They're like your daughter's age. That's my whole thing.

I don't even feel comfortable looking at those little girls.

When I look in their face, they look like they could be my daughter or their friends.

Yeah. Now, that's just too big of a gap. like i'm i'll be 45 in september i only could go down to 25 i can't act 25 is pushing but.

[10:43] That's real like that's your daughter yeah 25 is pushing it but um i don't know what's your biggest gap what's the biggest age gap the biggest age gap i've done is 10 years but and it's weird because it's not even that big but it was weird when you talked in terms of calendar years like i'd be like oh my god at 97 i was in the seventh grade and he'd be like yeah damn i was working for seven years already yeah i was i had i had my own house i was yeah i was like oh he's like my son turned one i'm like oh my god yeah it felt creepy but it was like we still culturally knew stuff but but then he would say some stuff.

I'd be like, yeah, at the mixers, we would dance to DMX.

And he was like, yeah, I'd be on the corner with DMX.

Yeah. All that.

Yeah, it's kind of so 10 years I feel is enough.

So my biggest gap was 16 years up and 14 years now.

Now, can I honestly say, I can honestly say I've never had a.

[11:53] Younger. Never mind. Take that back right now. Somebody I'm conversing with.

They're seven years younger than me.

They're still in their 30s but they're seven years younger this is my first young person i normally go older i feel like it's my daddy issues i don't know yeah and that's how it was so when i was 34 i dealt with an older woman she was 50 um i wouldn't even say we dealt with each other it was kind of like we knew what it was we were flirting it was like a professional type of relationship and my my throw was the fact that she was 50 like i didn't want her to be 49 i didn't want her to be like 48 it was real cool that like oh she 50 like so i'm gonna say i'll fuck with you on this because i have this weird thing i have not fucked a 50 year old and i only got 10 more months at 30 at 30s so i have a very small window where i would like to fuck a 50 year while I'm still in my 30s.

Don't ask me why, where this has come from, but I want to do it.

It's funny because, I mean...

You got friends fucking 50-year-old niggas. I mean, at the end of the day, they ain't going to tell you it ain't no different.

[13:10] So, for me, I'm like, when I see them niggas moving around at 50, I'm like, there's hope. Because niggas still be living.

Like, niggas be, like, dressing young, traveling and shit. I'd be like, oh, shit, I thought when I turned 50, like, my dick was going to fall off. So, like, okay. Shut up.

So, but, yeah, it was, like, the cool thing was, like, she was a badass 50, though.

Like, banging ass body. Like, she was like, baby, do you have condoms?

And I was like, not baby. Do you have condom? I was like, yeah.

Next thing I know, she come out the bedroom, butt ass naked on some grown woman shit, like tatted all up and fucking waist beads and shit. I was like, shit.

Like, we ain't even get a chance to like lead up to nothing.

It was like some old school shit, like some old school shit.

Like, let me go slip into something a little more comfortable.

Like young girls like i don't know she had to go like wipe off or whatever she just went to bed came back out butt ass naked like clothes folded everything i was like i was like this shit about to be real, yo i'm about to send you this video it's this lady on instagram you you're nasty you probably probably already seen her.

[14:28] Her body is fucking out of this world.

She's claiming to be 50 people in the comments saying they know her in real life and she's 60 something.

Even still, her body is incredible, but she be doing them little corny TikTok dances and shit.

And it's like, sit your old ass down, right? Like, why you gotta do all that?

Just be fine as fuck, cause she fine.

Yeah. Her face is a little...

I'm just sending it to your DM. Yeah, I'm going to check it out.

But even dealing with a young girl, I was 40 dealing with a 26-year-old.

[15:10] That's just so young. I can't do it. It wasn't, though.

## Age Gaps and Relationships

[15:14] It wasn't, though. It was actually really cool because I would say that because she was young, we kind of had like a...

[15:24] I feel like I feel like I'm like I'll be telling the girls at school I'm the youngest coolest 44 nigga you ever gonna meet young fly flash don't say that I'm not your daddy that's what I'll be telling my ain't your fucking daddy I'm a cool ass nigga like they'd be like oh yeah you really don't get 40 you know what I mean but once the real shit like I was 40 and this girl was like 26 but I already feel like I'm like joke a lot play a lot you know what I mean but you was a 40 year old what do you have in common with a 26 year old working out going to the gym hookah you know shit like that but it was i mean so the whole thing was it was just a physical attraction right but it wasn't it wasn't as shallow as you would think like she actually we had good conversations sometimes you'd be shocked that your 26 year old thinks better than some of your 30 year olds or 40 year olds you know I will say the little young guy just impressed the fuck out of me we just had a very a conversation that I felt like was one of the most mature conversations I've ever had with a man in recent times and I'm like he's the youngest person I've talked to but that's what you'd be like okay like cool because you automatically think like this shit about to be like a fucking airhead or they now have nothing to talk about but actually you can be, I mean, at 26, I was doing a lot of big shit in my life. I wasn't no, like.

[16:54] Oh you know like i'm a slouch i'm sitting around trying to figure my life out yeah i wasn't either at 26 i'm sitting here thinking like if one of my friends i seen you looking you were in deep throat if you're on patreon go back boonie was like staring off into the screen no i was because i really was thinking like if one of my friends was like i want you to meet my boo, and it's some little young guy like how would I feel about that?

But see we wasn't in that type of we wasn't in that type of space.  
So it was never we never really told anybody.

[17:31] It was like you know random well I met her mom and shit like that but it was like, we had like an understanding it was like we're not gonna ever be anything because I had kids and she eventually wanted a family and all of that stuff so it was like we just gonna do this we didn't know this shit was gonna roll around for like two years shit was going on like for a minute but it was just like damn like okay but it was cool because we i never had to lie to her though, like but i was the one where it was just like she's like oh you still fucking that crazy bitch oh yeah like she crazy as shit like okay you know it's always good when you're the one that the nigga don't have to lie to i feel like it's always good when you're the one you don't have have to lie to. Because at the end of the day, if you're on the side or you're the one who he feels comfortable talking to, I wasn't in a relationship at all, so I wasn't cheating on anybody. But there were situations that I had going on where, they were a little crazy. So it was like, they always felt like they were the only one. You know what I mean? No, I'm tracking with you. I'm tracking with you. So it's like always that one where you just be cool as shit where like, she come in on the middle of some shit and you be like, yeah, I deal with this crazy ass chick. She not my girl. And at that point, she don't feel obligated to even care. And then at that point, you can kind of be like, yeah, I'm a crazy chick. I'm gonna hit you back.

[18:54] I probably have been that before as well. Yeah. So I mean, And it's like, when you get that, when you at that level with the person, it relieves so much stress from a man. Like, I had a lot of hurt. I definitely have been that person before in my younger days. Yeah, I don't know. I feel like at this point, the youngest, I definitely would go.

[19:16] I probably would do 10 years both ways. Yeah. 10 and 10 is good. I mean, me being 45, I couldn't see me going 55. Why? Because at this point in my life, if I'm dating somebody seriously, now fucking, I'd fuck a 55-year-old. I'd fuck a 60-year-old just for the sake of like, yeah, she's 60. I'd fuck the shit out of her. Gave that bitch a heart attack. But the whole point is, if I'm looking for somebody to be with, I think the highest I could probably go is 50. Five years. Maybe. Maybe. I don't understand your rationale like you just don't want to... I like a younger woman. I just like a younger woman. If she's a little older and she's mature and carries herself a certain way yeah, that's cool but I like a younger woman. I feel like I'm... I think I'm young. In my mind, I feel like the way I move around, the way I vacation, the way I do things, I like to do fun shit. And sometimes you get women that are a little older in the tooth. They're not really... You're older in the tooth? Yeah, but you're a little older in the tooth.

[20:30] Nigga, what?

That's what I'm saying. I ain't never heard that shit.

Yo, poll it up. Get it on the poll. Have you ever heard somebody say she's a little old in the tube or this person's a little old in the tube? It's a saying.

I have never heard that shit. Okay.

Let's say five up, ten down. We're going to leave it there. I'll go five up, ten down. So, Brian will go down to 35.

You'll go up. For something serious. You'll go up to 50, but fucking you can go to 25.

[21:06] 25 we can go for fucking. Now, what really fucked me up was Because I mean, it was like first day of school, we had to introduce ourselves.

Everybody's like, I'm a Delta, I'm this, I'm that, blah, blah, blah, right? So I'm like, yeah, Brian, blah, blah, blah, something, something, something Omega.

And the next day, two days later, my classmate was just like, hey. She was like, you know my dad? And I'm like, oh shit, that's my nigga.

You old nigga. And I was just like, damn.

Like, it really hit me like after that. Like, oh shit, that's our dad.

## **Awkward Encounters and Dating Apps**

[21:38] Like this is like my daughter in a sense where i'm like no one of my frat brothers be somewhere and my daughter like you know my dad like now the whole shit's switched like y'all like y'all y'all like my daughters like y'all like my daughters so so again i say all this to say to bring it full circle don't be out here fucking none of your classmates i'm not i'm not the biggest problem is, We'll talk about it. But the biggest problem is when their mom come over for Parents' Day.

[22:09] There's the other fake camera over here.

It's Parents' Day. Not you going scouting on Parents' Day.

They probably be telling their mothers this shit like, this fine-ass nigga in my class, he's 45, he look good and shit. Mom, I'm trying to put you on.

Who ain't trying to give their mother some quality dick in 2025?

## **Credit Score-Based Dating Apps**

[22:30] I am. not with you but I'm trying to get my mom I told my mom a ratchet I ain't fucking robbing I told my mom a ratchet I'm gonna get her escort, so listen I saw this thing today and I thought this was wild because I mean you single I'm single I don't think you know you've never done date naps right, nah I'm scared I'm scared not you scared so it's this new new dating app that dropped called Score.

And it says it's only for people with good to excellent credit. You got to have...

That's a good niche, though. Yeah, it says you got to have a credit score of at least 675 to use it. It was launched by a financial platform, but they were saying because conversations around finances are sticky, but they cause a lot of problems in relationships. So they made a dating app for people with moderately good to excellent credit. That's smart, though. That's real smart. I mean...

## Planning Our Own Disruptive Dating App

[23:33] I feel like we should come up with our own dating app. Like the biggest thing I've learned in this whole entrepreneurship shit is disruption.

And you got to come with like some type of disruptor. We have to be a disruptor.

We're going to make something happen.

So we have a dating app that targets just our kind, like just blacks, but just our kind.

Um because i feel like our our issues are with our women finding men that are available.

[24:07] And then maybe like the men have to have certain we'll talk about it offline because we don't want to give away all our goodies can't give away the trade secret yo when we drop our fucking app we're gonna be rich as a bitch and then we're gonna sell that shit to the whites okay so can we talk about it because i i was on the dating app a mutual friend of ours did my profile was like you gotta try da da da da da so i did it i hate it i hate dating apps i don't like the cadence of it i it's just something about it for me it just does not work i think i just thrive and shine more in person than through these little things but whatever i don't like it it's very superficial and people it is it's people trying not to be superficial oh it's very superficial i said it to my best friends i was like this app is making me feel superficial because some of them i wasn't even reading the page i would look at the picture or they would like me and i'd be like oh you're ugly x didn't even read what they said x yuck you you gotta you know your eye fucked up neck your teeth fucked up next like so i was just like that that wasn't even reading so then i just say slow down at least read what they say to you or whatever some niggas don't know how much i can talk to people.

## Men and Height Insecurities

[25:17] Right off the bat like i'm like i would never respond to this next but i i've made one conclusive fact and i was talking to a homie about it and he was saying some conclusive facts from his side and dealing with women on the dating apps but men will lie about their height no matter their height a fucking little person a midget a little person is lied about his height on the dating app so he He said he was 5'1".

I know a little person when I see one.

Yo, that's still little as shit. It is. But he was a legit like 4'11 and under.

I have friends who are... Two inches though.

He was shorter than that. If he was 4'7", that was pushing it.

So I'm just like, you're already a little person. It don't even matter.

If he's 5'1 or 4'11, you still gonna fuck. I'm not.

[26:17] Because i feel like that i would feel like i was with a child or something, they're just so little but i just was like why do men lie about their height another guy instantly said height is such a thing for men um it is and i don't understand because like listen that i'm not six feet i'm not six feet i'm 5'11 but do you say you're six feet No.

I had this one little joke that I use.

It's about your dick, the rest of the inches? Yeah. You know, God asked me, did I want to be six feet? I said, God, do what you want to do.

He said, because, you know, I'll make you 5'11", and that extra inch, I'll put it somewhere else. And he blessed me. Good joke.

[27:00] But I still feel like I'm around people that are six feet, six-two, and I don't feel little.

Like, I don't feel like short. You're a respectable height with your build.

Like you're not a little guy, right?

I legit have somebody who swears to me they're six feet tall.

And I'm like, nigga, we're out of, I'm five, seven.

So if that's your five, nine, I'll give you five, 10 to be generous, but you're not six feet tall. It just depends on the shoes y'all have on someday.

Cause there's some days that I stood next to you and I was like, I'm short as shit today.

You know, like people are shocked. Like, cause somebody else was like, you're only five, seven.

I thought you were like five, nine, five, 10. I'm like, no, I'm five, seven.

Um sometimes i've been around you and your crew and i'm like yo they used to be tall i like my women around like five two five three yeah definitely not five four like somewhere in there i mean because it's easy to clear right because if you're a five eight nigga or five nine nigga you would have been a girl you know what it's always been the five two to five fours always had fat asses they like short and thick they short and thick they ain't got too much like when you, the taller you get sometimes it's like yeah spit it out but it's like when they short and fat.

[28:24] That's what it is so that's the thing I've noticed ready to ride yeah that's what you get shut up it's height with men, and case in point too I don't know I just because I feel like why lie about it because at some point we're going to meet is the goal right so this one guy literally liked my picture and was said something about my ass because I did do one picture with the head to show you to put down but I'm not telling pussy oh you but he said are you really five seven I've been.

And I'm like, oh, this nigga's short as shit. So I went to his page and he was saying he was 5'9".

So I was like, I automatically, certain ranges, I subtract certain inches, right?

So if you are a man and you're telling me you're 5'9 to 5'11, I subtract two to three inches because you're probably 5'7, 5'8.

It's crazy. It's a girl math.

Well, I'm 5'11. I'm 5'11. You know, you're taller than me.

Yeah. I think sometimes if my fro is out, my fro adds height.

Yeah, I don't care nothing about that. I feel like at this point, I'm at good height.

I've been around enough men that I'm taller than and a few men that I'm shorter than.

[29:46] It's very rare that you run into tall-ass motherfuckers, right?

I think it's also delusional women's side because they think every nigga is 6'2 and above.

And it ain't that many 6'2 niggas out here. The crazy thing was when women always say they want a nigga that's 6'2 tall.

I'd be like, shut the fuck up. like you five three like shut up like as long as you're not no poodle like i feel like, when men be like five seven five six and they dating somebody i used to do what i'd be like oh he a poodle if you're my homeboy and you're like five seven or five eight you cool but when i see a chick with a dick like she would have knew her new nigga i'd be like oh that nigga a poodle i'd be like he ain't no big dog he a poodle little ass nigga look at you walking with your fucking poodle not a poodle yeah I don't know for me like I'm not, like I've dated men who were my exact height, but God gave them the other inches someplace else, now I couldn't be like you gotta have one or the other.

[30:49] Right like you gotta have one or the other, yeah I can't do I don't know let me take that back, because watch it'll be some five six king with a hammer who snatched my soul but i just never seen it i ain't experienced it but it might be somebody out there that was like we were in houston it was this nigga he was like oh you tall he goes you got any friends taller than you and i was like oh the people i was with that time i said oh no they're like my height or shorter he was like oh oh, that's not tall enough.

I was like, she's 5'4". He was like, I like him six feet or taller. I chop a tree down.

I said, no, you don't. His friend was like, nah.

He showed me a picture of his girlfriend. She was like 6'1".

Damn. He was like 5'5". I was like, what did I do? He probably got her strictly off his confidence and shit because she probably was like, okay.

Next thing you know. He was talking big shit. I was like, so he got a big dick to back it up.

[31:49] One, two, punch. Yeah. What's the one, two, punch?

That's how you get it, right? Use charisma or some type of personality draw in. Make me laugh. You're charismatic.

Oh, he was nice. He was kind. You don't see the big dick coming and then you fuck him and the big dick just like chop you down and it's like you done.

That happened to me before.

Little skinny nigga. I was like, this nigga not about shit. But he was so fucking charismatic. Sold. He was cocky as shit.

And then I saw that hammer and I said, that's when y'all be talking about, Oh, the big dick energy. Yeah.

That'll pull it in. That'll seal the deal every time. Yeah.

See, I don't like talking about my, my personal business, but I do feel like it's a meme.

It said like, as soon as they find certain things about you, they start answering the phone different.

[32:46] It's like, it's true though. you hit it good and all of a sudden, everything switches the whole energy in the room the whole energy in a relationship now you getting good morning back

text a little faster like they texting you first they asking you like you hungry what's going on you like damn like oh now now you fucking with me yeah that's how it go, same thing with men but same thing pussy good or something like that yeah like oh oh she'll eat her like yeah that's true well i was saying this last night we had a patreon, galentine's day thing and i was saying it's so disappointing sometimes right like i like when you suck a dick when your throat or your cheeks and your mouth hurt so bad the next day so every Every time you like go to say something or you smile or you talk or you got a cough, like it reminds you, you were gobbling that dick down. So I was like, it's so disappointing.

The next day, like you did that work on that dick.

And it don't hurt. But I'm like, man, you got a little penis.

## Stretching Out and Feeling Sore

[34:08] I'm ridiculous yeah you talk about it cause like you wanna be stretched out that's when you know you got a girthy one when you go like that and it hurt you be like oh yeah yesterday or you go like why my throat hurt I got COVID no cause you gobbled that dick down that don't hurt, just an average old average old piece of meat, I know when I like if I feel like I ate pussy for a long time the next day when i go to like lift my tongue up like yeah like you should be sore it should be sore and it'd be like damn like i need like some hot tea or something like like what was i doing like you forget what you were doing like why is all of this tight, but because you were like for X amount of minutes and, this shit hurts I like, feeling those pains or you was riding dick and your thighs hurt the next day and you were like oh yeah I like feeling some of those pains because then it'd be like a flashback and I was like oh yeah that was.

[35:20] You're such a hoe I'm not a hoe, Actable young lady Responsible and ratchet There you go The whole thing, So what else is going on? What's going on in this world? Are you...

Well, this will be old by the time we go. We didn't do it this year.

You don't have Valentine's Day plans?

[35:44] No, I'll be in school. Look at how the tides have changed.

I've not had a Valentine in a long time, Brian. I keep saying every year I'm going to get a boyfriend again. We didn't get any... Oh, shit.

We didn't get any of our dumbass questions this year? I didn't get no dumb questions this year. Because every year, it's so fucking annoying. Like, what should I get him?

And it's the same thing. I say the same shit Christmas, Valentine's Day, birthdays.

[36:14] If you know your dude, you know what to fucking get him.

Like, if he's smoking cigars, if he's drinking bourbon, if he's fucking sassy with the hookah hanging out. You know who you're with.

You know who you're with. like just it should be so simple but maybe you've done such a good job that now we don't have any more questions no these questions were like we've been talking for two weeks should I expect something like no we've been dealing with each other this long you know my rule if you wasn't together Thanksgiving Christmas or New Year's we're not starting the year off asking for things that we didn't get the year before.

So you just sent me a meme today where it was like, if I fuck you today, you can still squeeze out a Valentine's Day gift.

And that's how it goes because at the end of the day, like if we already not fucking, nothing is happening.

If we fucking, there's a chance that something might happen.

I just think that when you go and buy that Valentine's Day gift and we only fucking, you changing the dynamic.

You might let her know you appreciate her, her, but you can fuck that whole dynamic up by buying her a Valentine's Day gift.

[37:29] How? Because if you, like, it depends.

Like, what if it's, like, a small gif? Like, you just got her, like... But that depends on, like, how y'all interaction is.

If you fucking on a regular basis and she's staying the night and y'all, like, really vibing, like, going out and dating, that's different.

If y'all just fucking, she don't get no gif.

So, I... a fuck buddy one time did get me some flowers oh yeah i did shit like that like i used to do the whole trader joe's like load the bag up all of them the same not you going around splitting them up i mean no they would be in like packs of like plastic yeah i wouldn't split them up i would just get like four or five of them and they was okay i thought you got one and he was no i would just put them all in the bag in the back and then i would just put them in the trunk that way like If the person got in the car, like, oh, come out, get in the car, or hey, you know, I'm about to pull up.

You want to go out in the trunk and get one and then close it back so they don't see all the rest of it.

But those days are over. Like, I don't have time for that shit.

You too old for that shit now?

I just don't have time for it. Like, I don't even want nobody feeling like some shit is more than what it is. Like, nope, I ain't get nobody's shit.

I did not get anybody anything either. Yeah.

[38:53] Yeah, I purchased nothing this year. I'm not looking for anything.

Well, you know, I did. Shout out to our responsible fave. Shout him out.

Because I had tweeted, I think I tweeted or I said it on Instagram or something, that I wanted somebody to build me some Lego roses. Do you see those Lego kits?

Yeah. And so our responsible fave, KG, is into Legos. That's like his stress relief thing. So he builds stuff.

So he sent it to me the other day. hey, he built me some Lego roses.

And then he's like, I got to find a vase. And so then I get a text this morning, like, does this work? And I'm like, I love it.

[39:32] I was like, it's like kindergarten Valentine's. My best friend made me Lego roses.

I was like, responsible fave, that's definitely not me. It's definitely not.

Look, I'm going to show you. Look at them.

Oh, that is really nice.

That's really nice. It's really nice, for real. I swear.

So I'm like, that was just a very sweet thing. So that's the only thing that I'll probably be getting for Valentine's Day. I'm okay with it.

[40:02] If fuck buddy dropped off dick, I wouldn't be mad at that. But because Brian, it's not right. I told, I don't know if I told you, but I had to ask the doctor, like, this sex drive is not normal. And she's like, oh, but it is.

I'm like, what? he's like yep buckle up it's it's it's gonna keep getting worse and i'm like wow so you so you want it every day yeah damn see i'm at the point where, i think maybe like four to five times a week five five days a week maybe five days out of the week four to five days out of the week now it could be multiple times in that day different things like like that but i mean that's a lot of sex though i know but you say every fucking day like that's a lot that's stressful five is still a lot too no no no because i is like i'm gonna have a day or two doing i feel like i gotta fuck all weekend like i wanna fuck friday saturday sunday like i feel like the weekend is just like a time for me to just get loose mentally like my mind is schedule that when Friday come like oh, you are a fool, I just feel like Friday is a day where like I don't want to work I don't want to do nothing that was always like a day where I was like oh I'm getting some pussy tonight like no matter what like my Friday I'm getting some pussy okay.

[41:31] How much sex does the average adult have in a week?

I would say probably two times a week.

One. Yep. One time a week. And that's it.

When you're saying five, that's a lot, like, on average. But I'm saying four to five.

You give me... Yeah, I would like... You give me Friday, Saturday.

Sunday, I'm going to be horny at the church.

We could skip Monday. Mondays are always rough. Tuesday give me back right on Wednesday and then we go back rolling through the weekend again, I wouldn't be mad at that schedule either honestly yeah I mean I like see I'm I'm the type where I'm gonna get myself in trouble because one of the days when I'm supposed to be taking a day off I might just be like damn, you want me to eat your pussy before we go to bed and then that's how I'm gonna get fucking in trouble because I'm gonna be like yeah like you look like you had a long day, I feel like that's very hospitable yeah i mean passionate partner yeah i yeah i i literally like, one time a week a quarter of married couples have sex one time a week a third have sex one to three times per month.

[42:50] A month that is disgusting listen listen i ain't never been married so i don't know but that just Yeah, that's just how I'm familiar at a certain point.

But I'm going to look into the camera and I'm going to say this. Okay, I'm listening.

To my future wife, if you ever think that you're fucking me enough and you fucking me one to three times a month, the days of that marriage are fucking numbered.

## Frequency of Intimacy in Relationships

[43:21] Listen, listen. Listen, one to three times a month, you might as well just fucking start packing your shit.

Or you just, or, listen, or not even packing your shit. Just don't fucking ask me no dumb ass questions.

Like, for real. Because it's like, you're going to just be like, oh, like, damn. Like, where you been?

I'm like, getting some pussy because this shit ain't it.

This is so ridiculous. It's not.

It's not. I can't process it KYP know your personnel they say it all the time in sports and football you know who you have in the game you know who you locked up with you know who you're playing you study you do your film study you do your homework y'all know the type of nigga y'all attracting y'all like these niggas who been outside been fucking you know you know their reputation and y'all always be like yeah he was wild don't come get me don't come get me.

[44:23] T-H-O-T. Damn, I love a thot. If you're not willing to be a thot, a whore, you didn't have to be that like with all of the guys and people you knew.

But when you come over here, be willing to be a fucking whore.

Like my wife got to be a slore, a slut whore.

Like she gotta be like oh god like girl i don't know what he gonna be thinking about this weekend like let me go ahead and get my wax let me go get all my appointments out the way like who knows what he about to come up with now like because i'm gonna just straight be like hey i want to be home like at this point in my life i don't want to cheat i don't want to have to go anywhere to get anything else like i just want to just come home and just be able to be like on some other shit and most of the times it's probably gonna be some regular shit but this is gonna be that one day when i put my foot on your neck spit on your back will call you all types of names you having kinks.

[45:18] It just like every now and again you just want to just while a bitch out just because you just because the argument y'all got it earlier that day i'm gonna fuck this shit out this bitch tonight and treat her like trash like trash okay you always cross the line but no so but i think you're trying to articulate here what i think what i think makes it special is is women get bored too, right?

Yeah, it's a thousand percent. Right. So men think that we're the only ones that get bored.

So in the sake of keeping a woman from getting bored, I feel like sometimes you got to fuck her like you don't know her. Just fuck her like a whore off the street.

Because she gets so comfortable with you being gentle, being a certain way.

And then she hear her stories from her friends like Boonie and all these people.

And she'd be like, damn, like I ain't had no crazy nigga took me out and fucked me like that in a while. So it's like, every now and again, you got a reminder.

Bitch, I will knock your fucking head between these cabinets.

You come around here looking like that. And then she'd be like, damn, like, what got into you?

Like, nothing. I just wanted to fucking let you know. I will still fuck the shit out you like we just met. And it'd be like...

[46:29] Shock and awe right like yeah this would be like oh wow you do it's like a fine like an oil change or something like yeah because it's like you find yourself wanting to be gentle and make love and music and you know like why are you shaking your head like you don't want none of that i mean i always i don't know not all the time but i'm saying it's like you in a marriage in in a relationship like you're starting to feel maybe that's why i haven't been married, you're starting to feel like oh you know i mean for real for i honestly feel like sex is better when you take your time with it and it's not just like a whole bunch of banging and slamming but every now and again you gotta get physical you gotta get you gotta like impart your will like i like a good slow stroke here and there too i mean i like slow stroking all the time i just feel like it's just that's why bitches be going crazy yeah i'm looking you in your eyes kissing in your mouth, fucking you slow, talking shit in your ear.

Yeah, that's why they go crazy. All that shit, I'm saying.

I'm not doing that all the time with no rando.

I ain't saying no rando. I'm just saying if that's what I'm doing, that's what I'm doing. But I'm saying Yeah, don't do that all the time.

Every now and again that's when you got really turned it up a little bit, surprising.

Yeah. But the go-to is to be.

[47:51] More sensual and like, you know, stirring up the mac and cheese nice and slow.

Like, you don't always want to be whipping it so fast that mac and cheese flying out the bowl. You got to.

I mean, I ain't mad at that once a week either.

[48:07] It's Thursday, nigga. Give me a purse.

Every time you got to grab them braids. Yeah, like, I'm okay with that.

I was always so nervous. this one guy especially when i went natural the way he would grip my hair i'm like he's gonna give me a bald spot like nigga relax i can't have no balls but like you can't rip my hair out of my head please yeah i don't know i i all i know is.

[48:40] One time a week and i'm i just i guess i've never been married i don't know the tempo of marriage i don't know the tempo of being married with kids but like i just can't process laying next to somebody one time a week is just not it's not it nothing's happening if you don't like me like that then just don't be with me because i feel like if you see me seven days a week and you only fucking one time like you don't really like me like that like you should be like no yes before look before somebody come in the dms or comment on something when it's not money sick obviously we're compassionate people right yeah we're not well it's times when you're gonna have a one weeker you're gonna have a week that's busy stuff going on and you look up and be like damn babe like we ain't getting it all week but i just can't understand that the natural tempo you're fucking is always one time a week that I can't comprehend.

## **The Importance of Initiative in Intimacy**

[49:35] And I'm talking about when we get to it, not like, oh my God, he said, if she fucked him three times in a month, he gone. Like, no, I'm not talking about the first time that happens.

[49:44] I'm talking about when I look up and start to realize this is a pattern you're not even initiating. You're not trying like, like so many guys get to the point where they get tired of trying ladies.

If you are listening and you have a man and every time you have sex he starts it he's got a kiss on you he's got to touch on you he's got to go down on you you are in a vulnerable position because he's tired of it he's tired of always feeling like he's got to be the one to start the lawnmower keep pulling the core pulling the cord getting everything started you got to lean over.

[50:19] And do something. Like, hey, we ain't even got football right now.

This is the time for you to step your game up.

Like, go get some new lingerie. Go do some shit and surprise a nigga.

Because now Sundays is like, what are we going to do on Sundays?

Go to church? Go to church? Go to the brunch with y'all? Like, you know, it's better when y'all come home from the brunch drunk.

You want to come sloppy drunk. Yeah. And horny.

[50:45] Now we got to go with y'all. So it's like, hey. All the mimosas went straight to the pussy.

Um but yeah like that whole like man gotta initiate a man got it like that should get old as fuck you know that's never been my ministry that's why it's like you on that you're an outlier and that's i'm not waiting that's the problem that's the problem like the women see the women i had like you they were never marriage material, they were never quite they were never quite much relationship material they're the ones who like always single and and then we end up marrying the one and we wonder why we got to do everything why are we getting a divorce and it'd be like you married the wrong one like we don't stay with the ones who do everything that we want i don't know why we follow the opposite of logic because you it's the patriarchy right like you gotta go with what you were told you gotta get the good girl or whatever. I don't know.

Now, sometimes I do fall back, because sometimes I want a nigga to yank me a bitch. Oh, okay, daddy.

But if I want to fuck, I'm going to fuck. So if I got to get this train going, I'm going to get this train going.

Yeah, there's nothing wrong with that, especially when, like, you know it's one that you like.

The bad part is when it's like you would have checked that you don't really feel like that, and she'd be, like, starting stuff all the time, and you'd be like, oh, I'm sleepy.

[52:10] That's so terrible. Yeah, we fake sleep too.

Yeah definitely sometimes we want to face it says sometimes i feel like one person in particular i can always remember that like i made it work because it was other things on the checklist that they had and i was like just tough it out but it was just we just did not have physical chemistry, and so i was like i remember this one night in particular and i'm like he never wanted to but i think he was seeing the pattern like she stopped initiating too so what's going on here I think it was like his Hail Mary and I was like I'm really tired.

[52:57] I think at that point we both knew it was over I think I heard his little ego but like this is not gonna work this is not it this is not it alright so, yeah no Valentine's Day questions I think everyone's grown up, they got it, or everyone's just not out here.

They don't have no Valentines. I think that's where we are. I know a lot of people who are single. It's a weird time right now. It's a dying holiday.

I feel like even with it being on a Wednesday, that kind of changed things too.

The good thing about it being on a Wednesday, if you have a lot going on, you can really get around.

Valentine's Day will jam you up on a weekend. weekend like it can really mess you up but if it's on a Wednesday you can get your side done you know on a weekend before you can be like hey you know I'm gonna be working Wednesday night.

[53:52] Do what you got to do I just feel like it's a dying holiday um I was out moving around this weekend and a nice little bar and restaurant thing you know doing a little thing and um, it was a lot of couples out but it wasn't a lot like it wasn't like, you know one of the things we're like you can't get in somewhere you know what i mean, there's like more people are broke people are for mother's day yeah i think people broke too right so yo i don't want to spend no money on no like you spend money on food and drinks that shit run up so fucking quick like everything's so high right now like i keep saying like i want a boyfriend but i don't have it in the budget honestly and did you see that clip that was going Going around today from another podcast, the girl was like, if you make \$50,000 or less, you shouldn't be courting. You shouldn't be dating.

I mean, that's crazy, but damn.

I feel like they'd be giving people \$50,000 just to like, just to like write tickets on your car.

But so many people fall in that, like most people make between \$50,000 and \$75,000 a year. that's true i mean so most people can be but i feel like a lot of those jobs come with overtime.

[55:13] So, I do feel like if you're not lazy, you can go get another \$15,000, \$20,000. I always wanted a job with overtime.

Like, if you're a police or you are, you know, in transit and stuff like that, like, they go and make another \$40,000, \$50,000.

Yeah, they can make six figures with their base and overtime.

As long as you're willing to work it. I don't care. Like, go hustle. Get that money. Yeah.

[55:35] At the end of the day, don't be in a position where somebody say, all you can make this year is \$50,000.

Like go go get some more money like find a way to go get some more money i don't i it's also this new game show i guess that's going around and i don't know if they're staged but it's going around on tiktok and i've seen them on twitter um where these girls will be standing there and they have balloons and like an eligible bachelor comes out and if you're no longer interested you pop the balloon it's very loud and jarring so this one guy he just like walks right out and they're all like eight balloons popped right away i've seen it on instagram yeah and so this one girl one of the guys they were like oh why'd you pop your balloon and she was like well he's short we already talked about that but then she said he's a electrician and ew and i'm like what a dumb

bitch because trade people electricians and plumbers i wish i could meet an electrician, don't let him be a master electrician oh he making bank bank he probably made 200 an hour It depends on which...

Like, I feel like for every profession, there's a low level and then there's a high level and there's, like, no ceilings.

People are so stupid that they don't even know what people make.

Like, they are judging off of what people make. Like, I ultimately...

[56:54] Don't think people know what I do for a living. People just think I own a business, which is cool. And I'm okay with that.

Like I'm strictly okay with you thinking that that's all I do.

Like we know Boonie makes money. We know she's like a GS 19.

Like they don't even have a 19. And we know that. I do not.

I'm just a lowly employee.

[57:16] We've seen you say stuff like you drop little hints on the podcast.

Like, yeah, we were finishing up a class and I took them all out the dinner like oh you're in charge charge oh they gave you the bill, oh okay i do not i still need every dollar from the patreon subscriptions, oh you live across the street from the other soil room with the big bank account where y'all got their houses built straight from the ground up like oh okay i got people y'all having brunches at the house with people cooking a brunch in the house while you're waiting for it.

They got their pancakes and their waffles coming out hot.

The lady pouring and drizzling syrup right over top of it like, oh, y'all got plenty, buddy.

I'm trying to be like her. You got to keep people in your circle.

Aspirational. It's your neighbor. It's your neighbor.

Just for the record, Brian couldn't afford a house around there.

Shut up. Because I showed up in phase 10.

[58:20] Like, yeah, we got one left. It's like 800,000. But theirs were...

It's like the classic example of getting something late and all your friends got there first.

They still got them laptops for \$150. Like, no, he's selling them for \$300 now.

It's still a discount or something. You'd be like, no, I'm cool.

You snooze, you lose. You snooze, you lose.

No, but it's good, though. I definitely feel like men dating women like y'all probably be intimidated I could definitely see that you think so?

Yeah I mean I don't even tell men that I have a house like I just say like crib I gotta go to the crib.

[59:07] Because they do like and I had somebody come to the house right and I done done some things in here since the last time you been here and he only came on the first floor, And he was like, oh, this is, this is not, I was like, oh yeah.

They can start seeing themselves in there watching the game. I was like, nah.

Getting comfortable, see themselves watching the game on Sundays.

Yeah. He was like, oh, that couch, that couch look, that look real.

I was like, nope. That grand opening, grand closing.

But yeah, I, I, I'm very aware of the language I use.

Like I try not to say mortgage anymore like like, because I'm just like little stuff you don't know what will trigger these niggas to be like oh because the last thing you want to hear oh you got it no I don't I do not so yeah you got to move very strategically in these streets, yeah I literally like I just be like yeah I gotta go to work.

[1:00:23] He just got mad at me because he was like he kept like texting nigga i got meetings and it's not sometimes it's not even meetings that i'm just sitting and listening so i can be i'm usually leading the meeting so i have to be engaged and talking and i was too busy for him, i said i can't yeah like he's like how can you always text me after six nigga that's when i got time yeah i'm working i have a real job yeah real job i'm gonna sit around and be on the phone with you all day so yeah well any final thoughts final thoughts um, Valentine's Day, Love Day, you know, share that chair of love with somebody.

[1:01:16] It's not important if you don't have one. You still have the whole rest of the year. Got nine months left to find that boo.

We can do it together, guys. We can do it together. Some of y'all don't really even want to be chose.

Y'all just want to just, y'all just want something to hold y'all over until it get hot.

Soon as, soon as May come, your bitch is going to be out there fighting and bobbing.

So all you need is a little something to hold you over right now.

And that's it. That's it?

That's it? All right, Brian. Well, thanks for coming on.

Yep. Homework time.
